Clarification of M-1003 Status at New York Air Brake:

This memo is to clarify the status of the AAR M-1003 certification at the New York Air Brake facility in Watertown, NY.

The current certificate for New York Air Brake, certificate NY-NY, has an expiration date of April 8, 2018. The AAR recertification audit was successfully completed February 27 – March 1, 2018. The AAR auditor issued no adverse audit findings, and recommended us for recertification. The AAR has not yet issued our certificate, but continues to list NYAB in the registry of certified facilities. (see screen capture below)

AAR Registry of M-1003 Certified Facilities

Important Note: If a facility is listed in the Registry, their M-1003 Certification is current. Even if the expiration date has passed, you can be assured that the facility is taking the proper steps to achieve recertification.
